Related Categories: UXOInfo.com Website Update

UXOInfo.com recently received another generous donation of archival material including documents and images from a UXOInfo.com user. The material is from the National Archives and is declassified. The donated data will be uploaded to the UXO document and photo library over the next several weeks for all users to view and use. For starters, approximately 50 new photos have been added including a series of historic photos on the 3-inch Anti-Aircraft round and the 75mm Infantry Mortar including some unique test shots taken at APG, MD from the 1920s. A sample of some of the images that have been uploaded so far are shown below.

These photos are more can be viewed from the Photo Gallery using the link to the right. The newly updated photos have been added to the "Classic" Directory. Enjoy
