The **Wounded EOD Warrior Foundation** is a 501(c) 3 non-profit organization that provides assistance to our Wounded EOD Warriors and their families in the form of financial relief.

The resources provided by the Foundation to the wounded and their families are above and beyond the budgetary constraints of the Department of Defense and Department of Veterans Affairs. We believe that families are an integral part of the healing and rehabilitation process and strive to keep them together during the most difficult of times.

WOUNDED EOD WARRIOR FOUNDATION

What is EOD?

EOD stands for Explosive Ordnance Disposal, and is a joint service military occupational skill. Explosive Ordnance Disposal technicians serve within the Army, Marines, Navy and Air Force. This is a volunteer program and those who choose this field are specially trained at Naval Explosive Ordnance Disposal School at Eglin AFB, Florida.

There are over 7,000 brave men and women serving within our four services. They are responsible for disarming, rendering safe and disposing of a variety of unexploded ordnance and terrorist devices, normally called Improvised Explosive Devices or IEDs. These devices are responsible for the majority of fatalities and severe injuries on today's battlefields.

How we help?

The Wounded EOD Warrior Foundation is a 501(c) 3 non-profit organization that was founded in July 2007. We provide assistance to our Wounded EOD Warriors and their families in the form of financial relief. The resources provided to the families are above and beyond the budgetary constraints of the Department of Defense and Department of Veterans Affairs. We believe that families are an integral part of the healing and rehabilitation process.

Our foundation depends on fundraisers and donations to support our mission. It is the generosity of others that allows us to offer "***compassionate solutions***" to our Wounded EOD Warriors and their families. Thank you for your consideration.

God Bless our Troops!
