Hurlock, Maryland Police responded to call from a resident who reported finding over 3 dozen hand grenades while collecting recyclables near a road. The State Fire Marshal office reported that 38 grenades were recovered in all including 9 that were live. Of the remaining, 19 had a fuse but no explosive filler and 10 were inert.

The State Fire Marshal bomb squad safely disposed of the munitions with no injuries or property damage reported. Authorities are conducting an investigation to determine the origin of the grenades and the circumstances regarding their disposal on the side of the road.
