Mount Santa Rosa, Guam A nine-year-old and his 19-year-old relative found a cache of UXO while hiking and decide to bring the munitions home as souvenirs. Military officials were called by the boy's father who felt the four grenades, four rocket mortars, a 81-mm mortar, and 5.56mm rifle rounds could be hazardous.

The items were indeed determined to be live and were removed for disposal. The boys had also previously found tanks and guns in the same area.
