UXOInfo.com would like to wish all our readers a Happy and Safe Fourth of July holiday. As we celebrate the independence of our nation, we also honor the men and women who are serving in the U.S. military to protect our freedoms. We especially like to thank the EOD Technicians for taking on dangerous missions in support of our country.

We also remind everyone that while celebrating with fireworks is a time-honored tradition, pyrotechnics are very dangerous and should be treated as such.

The image below is from a fireworks hazards demonstration by the U.S. Consumer Product Safety Commission at the National Mall in Washington D.C. The shot was setup to model an illegal fireworks manufacturing operation.

Be safe and have a wonderful holiday!
