Close to another 100 more photos from the National Archives collection in College Park, Maryland have been uploaded to the UXOInfo.com photo gallery. Included with the upload is a series of images from the 1920's taken at Aberdeen Proving Grounds (APG), Maryland during testing of the 300lbs and 600lbs Demolition Bombs as well as images from white phosphorus munitions testing. Two of the images from the uploaded archives collection are shown below.

These photos and more can be viewed in the Photo Library using the menu link to the right. The newly updated photos have been added to the ["Classic"](#) directory.
