# Memorial Day - Remembering Those Who Served

Posted At : May 25, 2015 6:54 AM | Posted By : Admin
Related Categories: EOD

Memorial Day is not about a day off, a trip to the beach, or the beginning of summer. It is about honoring those brave men and women who made our freedom possible.

UXOInfo.com thanks all who have served our country, especially the EOD Technicians who have one of the most dangerous jobs in the military.

Please remember those who have served, are currently serving, and the families and friends who lost love ones in the line of duty.

**Thank you EOD.**
