**Cleveland, Tennessee** The Cleveland Police Department Bomb Squad responded to a call of a military ordnance that discovered on the property of Industrial Valve Sales & Service. When the bomb technicians arrived, they were taken to a large projectile that was sitting on a pallet. The bomb technicians determined the item was safe to transport to a remote location for destruction.

the round was transported by the bomb squad to the Chattanooga Police Department's range, where it was safely destroyed. It is unclear how the munition arrived at the facility.
